EUR/USD,SP	ECHN	10 000 000	0.50		ZAR/RUB,TOM EXECUTOR
EUR/NOK,SP	ECHN	100 000	10.00		ZAR/NOK,TOM EXECUTOR
EUR/NOK,SP	ECHN	100 000	10.00		ZAR/NOK,TOM EXECUTOR

The image shows a screenshot of a financial software application with multiple windows open. The main window is titled 'Deals' and displays a table of trade details. Other visible windows include 'Orders', 'Accounts', 'Clients', 'Source', 'Risk', and 'Management'. The 'Source' window is particularly prominent, showing a detailed list of risk metrics for various assets across different platforms and timeframes. The overall interface is complex and typical of a professional financial trading or risk management system.

The logo for NT PRO Admin Settings. It features a red 3D-style 'N' and 'T' stacked together, followed by the word 'PRO' in red, and 'Admin Settings' in a smaller black sans-serif font below.

Onboard new clients

Customize price streams
